

NOTICE TO MARINERS

16/10

PUDZEOCH BASIN, RENFREW

Excavation and Filling Works - Pudzeoch Basin, Renfrew

Mariners are advised that excavation and filling works at the South end of Pudzeoch Basin, Renfrew are due to commence on or about 15 February 2010 and last until November 2010.

The works involve the removal of silts to shore and the subsequent filling with granular material. The works will be carried out by floating plant from within an area at the South end of the basin. Temporary sheet piling and a silt curtain will be established to separate the works area from the rest of the basin.

All mariners navigating in the vicinity of the Renfrew Reach/Pudzeoch Basin whilst the work is being carried out are requested to give due regard to the effects of excessive speed and wash.
